ZINKE, GUSTAVE, Cincinnati, O.

INDEX.

VOLUME VIII.

ABDOMINAL and Gynecological Surgery in England, Scotland and Heidelberg, 573.
Abdominal Surgery for 1884, 269.
Abdominal Surgery, two rare cases in, 525.
Abortion mistaken for menorrhagia in a woman aged 42, 156.
Acute Nephritis, treatment of, 446.
Administration of alcohol to parturient women, 97.
After coming Head, delivery of the, 102.
Alexander Operation, 321.
Anæsthetics in labor, 569.
Antiseptic Curette, 460.
Application of corrosive sublimate and glycerine in epithelioma of the cervix uteri, 215.
Arresting menstrual discharges by the internal use of vinegar, 327.
Artificial feeding of children, establishment of, 109.
Attachments of uterine tumors, how to treat the, 164.
Axis traction forceps, 79.
A curious mistake, 626.
Abdominal section, drainage by Koeberle's method after, 624.

BACILLUS of infantile diarrhœa, 108.
Bacteria in parturition, 301.
Beer in the severe vomiting of pregnancy, 104.
Belladonna in incontinence, large doses of, 277.
Blood-letting and the use of forceps, 409.
Brief review of the growth of McDowell's operation done at Danville, Ky. Its present status, 259.
Bromide of ethyl as an antiseptic in labor, 200.
Bleeding fibroid of the womb, oophorectomy, 640.
Bites of insects, 658.
BIBLIOGRAPHY:
A system of obstetric medicine and surgery, 559.
Diseases of the urinary and male sexual organs, Belfield, 110.
Elements of modern medicine, 558.
Hand-book of Physiology, Kirk's, 224.
Human Osteology, Holden, 223.
Index catalogue of the library of the Surgeon-General's office, Billing's, 615.
International encyclopedia of surgery, 331.
Journal of the British Gynæcological Society, 501.
Management of labor and of the lying-in period, 616.
Manual of the Medical Botany of North America, Johnson, 111,
Minor surgical gynecology, 334.
One hundred years' of publishing, 110.
Poisons, their effects and detection, Blyth, 615.
Principles and practice of gynecology, Emmett, 110.
Radical cure of cancer of the rectum, Maurice Polosson, 448.
Therapeutics of the respiratory passages, James, 110.
Transaction of the New York Medical Association, 447.
On renal and urinary affections, Dickson. 663.
The medical news visiting list, 662.
Manual of diseases of women, May, 663.
Epilepsy and other chronic convulsive diseases, Gowers, 663.

LABOR, mistaken for a billious attack, 482.
Laceration of the perineum, complications, 227.
Laiomyoma uteri, 316.
Laparo-myomatomy, 52.
Laparotomy, as compared with other operations, 296.
Laparotomy, a year's work, 147.
Laparotomy for intestinal obstruction; the mode of operating, 549.
Laparotomy for uterine fibroids, 461.
Large doses of belladonna in incontinence, 277.
Leio-myoma of the vagina and uterus, 420.
"Les Bromures," 222.

MALARIAL complications in the puerperal state, 169.
Malignant disease of ovaries, cystic, 10.
Management of the membranes of natural labor, 546.
Mediate syphilitic infection in glass blowers, 42.
Menstruation, new explanation of, 487.
Micrococcus of vaginal diphtheria, 515.
Modification of Emmet's cervix operation in certain cases, with a case, 531.
Modified operation for cystocele, 449.
Multiple pregnancy, 327, 499.
Multiple speculum uteri, and an improved dressing forceps, 300.
Mumps, microbe in, 429.
Multilocular ovarian cyst, removal of a, weighing sixty-five pounds, recovery, 617.
Mammary abscess, prevention of, 660.

NATURAL hygiene in child-bearing life, 516.
Nerve centers of the uterus, 157.
Nerve counterfeits of uterine diseases, 156.
New explanation of menstruation, 487.
New speculum and a new vaginal irrigator, 308.
New operation for ruptured perinæum, 657.

OBSTETRIC forceps as a speculum and protection to the vagina in operations upon the fetus and uterus, 321.
Obstetric record of a country practitioner, 505.
Oöphorectomy, 205, 314.
Oöphorectomy, four cases of, with remarks, 521.
Operation by pruritus vulvæ, 327.
Operation for correcting some uterine displacements, by shortening the round ligaments, 441.
Operation for fistula in ano, 463.
Ophthalmia neonatorum, 158.
Ophthalmia neonatorum, cause and prevention of, 328.
Ovarian cyst, 73, 199.
Ovarian cystomata, 317.
Ovarian cystoma complicated with peritonitis and phlegmasia dolens: double ovariotomy, 467.
Ovarian menorrhagia, potassium bromide in the treatment of, 417.
Ovarian tumor, 9.
Ovariotomy record: broken, 557,
Ovariotomy, secondary, 312.
Ovariotomy, with extensive adhesions, 45.
Ovariotomy, 642.
Ovaralgia, oophorectomy for, 640.
Oophorectomy for bleeding fibroid of the womb, 640.
Oophorectomy for ovaralgia, 640.
Oophorectomy, 631.
Ovaries and fallopian tubes, removal of, 619.

PAINFUL mamma in young girls, 160.
Papillary ovarian cyst, 320.
Papillomatous ovarian cyst, 151.
Paralysis in the infant from use of the obstetric forceps, facial, 535.
Parametric abscess, 266.
Partial removal of uterus, 463.
Parturition, bacteria in, 301.
Pathological appearance in new-born children, of death by asphyxia from a medico-legal standpoint, 54.
Pathology and etiology of congenital club-foot, 445.

Epistaxis in children, 109.
Erysipelas as a complication of pregnancy and labor, 157.
Ether, death under, 614.
Example of fertility, 601.
Extirpation of uterus, 87.

FACIAL paralysis in the infant from use of the obstetric forceps, 535.
Fallopian tubes, their relation to uterine displacements and the use of pessaries, diseases of, 75.
Fatal case of puerperal eclampsia, 561.
Fecundity, remarkable, 593.
Female diseases and insanity, 330.
Female urethra, diverticulum of the, 162.
Fertility, example of, 601.
Fetus, enclosed in its sister's placenta, 418.
Forceps to the after coming head, 482.
Four consecutive twin pregnancies, 102.
Functions of the membranes in labor, 210.
Forceps, version and high, 646.
Fibroid tumor, supra-vaginal removal of the uterus and both ovaries for, 631.

GANGRENOUS fibroid tumor of the uterus, 150.
German gynecological notes, 281.
Gonorrhœa affections of the uterine appendeges and their operative treatment, 104.
Gossip, Ohio State Medical Society, 278.
Grounds for objecting to the routine use of the original douche in normal child birth, 132.
Gynecology, on massage in, 47.

HÆMATOCELE, hæmato-salpinx and the reflex theory, 53.
Hemorrhage, post-partum, 430, 509.
Hemorrhage, uterine, 536.
Hen's egg in the vagina, 500.
How soon after exposure to sepsis may the accoucheur resume practice? 208.
Hydrochlorate of cocaine in obstetrical and gynecological practice, 105.
Hydrorrhœa gravidarum, 44.
Hysteria in children, 165.
Hysteria, isolation, treatment of, 216.
Hysterectomy for uterine myoma, a case of, 488.
Hysterectomy, case of, 609.
Hysterical paralysis and its treatment, 611.
Hysterical vomiting uncontrollable, cure by cocaine, 327.
Historical instance of alleged late menstruation, 661.

IMPROVED technique in gynecological operations, minor and major, 301.
Inaugural address, 113.
Incontinence of urine in children, 253.
Indigestion in children, 555.
Induction of premature labor by electricity, 544.
Induction of premature labor by induced current, 499.
Infant food, 1.
Infantile eczema and allied eruptions, 494.
Inflammation of the parotid glands following operations on the female genital organs, 533.
Influence of age upon labor in primiparæ, 601.
Influence of ovariotomy on surgery, 436.
Interesting case of subserous fibroid tumor of the uterus, 300.
Intra-peritoneal adhesions considered in relation to Battey's and Tait's operation, 307.
Intra-uterine disease, treatment of, 24.
Intra-uterine disease, with special reference to the best mode of making applications to the intra-uterine surface, 15.
Insanity and female diseases, 330.
Inversion of the uterus of three years' standing, case of, 553.
Iodide of potassium in inflamed breast, use of, 330.
Irrepressible vomiting of pregnancy, 115.
Irritable hymen, 161.
Isolation treatment of hysteria, 216.

BIBLIOGRAPHY :
Poisons, their effects and detection, Blyth, 664.

CÆSAREAN Section, case of, 530.
Cæsarean Section in Central Africa, 433.
Cæsarean section, 630.
Calculi in the female, 74.
Cancer of the lip, 45.
Cancer, vaginal, hysterectomy for, 302.
Care of the perineum during labor, 528.
Case of Hysterectomy, 609.
Case of inversion of the uterus of three years' standing, 553.
Cause and prevention of Opthalmia, Neonatorum, 328.
Causes of still birth, 155.
Cervical pregnancy, 70.
Children, surgical treatment of, 393.
Cholera Infantum and the hydrencephaloid condition, 29.
Cholera, treatment of, 107.
Chronic periuterine abscess, its treatment by Laparotomy, 267.
Clamp for Perineorrhaphy, 459.
Clitoridean Crises before the pains of progressive Locomotor Ataxia, 276.
Cocaine in dilatation of the female urethra after Simon's method, 613.
Cocaine in gynecology practice, 190.
Cocaine, Treatment of Vaginismus, 493.
Cocaine ointment for Piles, 167.
Composition and methods of analysis of human milk, Dr. Meigs, 286.
Conception hindering menstruation, 158.
Condensed milk, value of, 167.
Condyloma urethræ, 315.
Congenital diaphragmatic Hernia, 44.
Congenital lateral deviations of uterus and their relations to Periuterine tumors and mechanism of labor, 493.
Congestive dysmenorrhœa, 237.
Constipation in children, 311.
Constipation in women, habitual, 434.
Constitutional treatment of disease of the uterus and its appendages, 195.
Corrosive Sublimate and glycerine in epithelioma of the cervix, 614.
Corrosive sublimate and glycerine in epithelioma of the cervix uteri, application of, 215.
Corrosive sublimate injections, 239.
Curious obstetrical case, 206.
Cystocele, a modified operation for, 449.
Cocaine in gynecology, some uses of, 643.
Constipation in young children, 658.

DANGEROUS hemorrhagea caused by rupture of hymen during coition, 220.
Death rate from child birth and cancer, value of antiseptics in midwifery, 594.
Death under ether, 614.
Delivery of the after coming head, 102.
Dermoid cysts, 177.
Dermoid ovarian cyst, 41.
Dermoid or piliferous tumor with cure by spontaneous opening into the intestine, case of, 225.
Diabetes mellitus cured by removal of the uterine appendages, case of, 613.
Diagnosis of pregnancy, 510.
Diagnosing pregnancy in the early months with certainty, Hegar's, 103.
Diagnosis, points in, 297.
Dilatation of the cervix uteri, 103.
Diaphragmatic hernia, congenital, 44.
D arrhœa in infants, 167.
Dilatation of the female urethra of Simon's method, cocaine in, 613.
Discussion of uncontrollable vomiting in pregnancy, 36.
Diverticulum of the female urethra, 162.
Double ovariotomy with unusual complications, 67.
Double uterus and vagina, 66.
Dysmenorrhœa, 602.
Dysmenorrhœa, ointment of cocaine, 65.
Different forms of paralysis met with in young children, 627.
Drainage by Kœberle's method after abdominal section, 624.
Displaced spleen and pregnancy, 659.

EMMET'S cervix operation in certain cases with a case, modification of, 531.

Pelvic anodynes, 217.
Pelvic cellulitis, 85.
Perchloride of mercury as an obstetrical antiseptic, 158.
Perforations of the bladder, 236.
Perimetritis, 421.
Permanganate of potash in puerperal pyrexia, 44.
Peristalsis of the genital tract, and a new theory to explain relaxation of the vaginal outlet during labor, 534.
Pessaries, self- constructed, 500.
Piles, cocaine ointment for, 167.
Physiology and management of placenta previa, 547.
Placenta previa, treatment of, 485.
Placenta previa, management of, an improved method by which to complete the first stage of labor in such cases, 246.
Points in diagnosis, 297.
Points regarding membranes in the third stage of labor, 483.
Polygalactia, 241.
Potassium bromide in the treatment of ovarian menorrhagia, 417.
Potassium bromide on nutrition, influence of, 56.
Post-partum hemorrhage, 430-509.
Post-partum hemorrhage, prophylactic treatment of, 42.
Pregnancy after double ovariotomy, 545.
Pregnancy, diagnosis of, 510.
Pregnancy, multiple, 327.
Premature labor by electricity, induction of, 544.
Prophylaxis and treatment of thrush and intertrigo during the first two weeks of life, 220.
Puerperal diphtheria, 517.
Puerperal eclampsia, 175, 513.
Puerperal eclampsia, fatal case of, 561.
Puerperal eclampsia with hot baths, treatment of, 547.
Puerperal fevers, 91.
Puerperal peptonuria, 218.
Prevention of mammary abscess, 660.

REASONS for and results of some cases of Tait's operation, 306.
Remarkable fecundity, 593.
Retro-uterine hæmatocele, 163.
Retro-uterine hemorrhages, treatment of, 107.
Ring of band. Emmet's operation: When shall it and when shall it not be performed, 304.
Rupture of the vagina during coitus, 245.
Ruptured uterus, 71.
Removal of the ovaries and fallopian tubes, Tait's operation, 619.
Removal of a multilocular ovarian cyst weighing sixty-five pounds, recovery, 617.
Ruptured perinæum, a new operation for, 657.

SCISSORS for repairing cervix uteri, 459.
Secondary ovariotomy, 312.
Secundines in abortion and labor, treatment of, 265.
Self-constructed pessaries, 500.
Severe vomiting of pregnancy; miscarcarriage; death, 478.
Shall midwives be licensed? 204.
Sharp spoon in cancer of the lip, use of, 45.
Shortening the round ligaments, 465.
Shortening the round ligaments in a case of aggravated prolapse and retroflection, 12.
Still-birth, causes of, 155.
Subserous fibroid tumor of the uterus, case of, 300.
Successive craniotomies in the same subject, 164.
Surgical treatment of children, 393.
Sympathetic leukæmia in childhood, 633.
Supra-vaginal removal of the uterus and both ovaries for fibroid tumor, 631.

Trachelorrhaphy, propriety of, discussion, 57.
Tonsillitis in relation to febrile attacks in children, 615.
Tubal gestation, expulsion of fetus through uterus, 461.
Tubes for intra-uterine injections, 460.
Tumors, uterine, 308.

UNCONTROLLABLE hysterical vomiting, cure by cocaine, 327.
Uncontrollable vomiting in pregnancy, so-called, 34.
Use of cold in labor, 46.
Use of Tarnier's forceps, 5, 31.
Uterine appendages removed from twenty-one women, 41.
Uterine carcinoma of unusually rapid development, 243.
Uterine diseases, nerve counterfeits, 156.
Uterine hemorrhage, 536.
Uterus, partial removal of, 463.
Uterus, ruptured, 71.
Uterine tumors, 308.

VAGINA, hen's egg in the, 508.
Vaginal diptheria, the micrococcus of, 515.
Vaginal hysterectomy for cancer, 302.
Value of condensed milk, 167.
Vesico-vaginal fistula, calculus, 83.
Vomiting of pregnancy, 104.
Vomiting of pregnancy, septicæmia and death, 207.
Version and high forceps, 646.
Vomiting of pregnancy treated by artificial feeding, 659.

WASHINGTON Obstetrical and Gynecological Society, 557.
Whooping cough, treatment of, 557.

ZINC phosphide in dysmenorrhea and sterility, 493.
